Grady's Gone!

How could you possibly lose a cute eight-pound ball of fur when it's not even February 2nd?

He's like that! Take your eyes off him for 2 seconds and ...zip, he wanders off his spot in this frame. We told him - just sit there and be a good little groundhog and don't move - but, you know Grady! So, look around this menu and help us out. If you spot Grady hiding somewhere, tell us. You may win a prize!
